

8th Street Repairs

Thursday, 28 October 2021 10:53

Contractors will be making street patch repairs to 8th Street along the airport beginning Monday, November 1 weather permitting. The contractor plans to have one lane of 8th Street closed at a time, but repairs may require the street to be closed to traffic. Please avoid using 8th Street if possible while repairs are being made. Thanks for your cooperation.
